

CLIFF HOUSE
HOTEL

WEDDINGS

SETTING

The Cliff House Hotel is steeped in history and carved into the Irish coastline. It is a chic boutique hotel, full of personality and signature ocean features. With its imposing granite stone façade, the entrance to the hotel acts as a gateway to the breathtaking vista of Ardmore Bay, rolling out to the Irish Sea. The Cliff House is a virtuoso building with a difference. The cleverly designed interior draws the landscape inwards using natural materials and warm and inviting furnishings which create an extremely relaxing and luxurious environment. A palette of deep marine blue, fuchsia, aubergine and sea green instantly evoke the surrounding coastline and countryside. Interestingly, the hotel houses the largest private collection of antique Campaign furniture in Ireland.

THE BAR

The Bar has an outdoor terrace which, during the summer months, is perfect for al fresco drinking and entertaining.

THE CHEF'S TABLE

This beautiful room, with floor to ceiling windows overlooking Ardmore Bay; a fireplace and an outdoor terrace, was designed around a bespoke table made from one piece of American Oak and seats eighteen people very comfortably.

THE HOUSE RESTAURANT

The House restaurant once again has that bright and airy feeling which is assisted with the crisp orange colourings that are gently fused with soft tweeds. The House restaurant has become a gourmet retreat for food connoisseurs who want to take a culinary journey that culminates in a truly magical dining experience.

With space for up to 100 guests when joined with the Chef's Table, this truly is a special wedding venue.

THE WEDDING MENU

"The food speaks for itself" according to Executive Chef Martijn Kajuiter.

We offer seasonal menus where only the freshest and finest food is served – perhaps lobster caught that morning, crab from the bay or locally reared meat served with home grown vegetables.

A menu and wine tasting is arranged for you at your convenience and on your wedding day personally printed menus, place name cards and a table plan will all be provided. We will also arrange seasonal fresh flowers on each table with our compliments.

ACCOMMODATION

All thirty nine bedrooms are akin to secluded beach residences, each with their own private balcony or terrace overlooking the sea. The bespoke rooms are styled with Campaign antiques and oversized furniture upholstered in modern linens and tweeds. Beds are back lit with unique headboards designed by a number of local artists using indigenous Irish materials such as linen, glass and dried petals.

The bathrooms are a real treat to the eye with luscious coloured mosaic tiles and vibrantly coloured glass, which smartly contrast with the granite grey stone characteristic of the hotel. Etro luxury bath products sit easily atop the egg-shaped floor standing baths; while in the Cliff Veranda Suites, the bride and groom can shower quite literally under the stars as the enclosed glass surround extends onto the Veranda.
